

Jesus Heals a Man With Leprosy

Mark 1:40-45

1. Once a leper came and knelt in front of Jesus and begged to be healed. "If you want to, you can make me well again," he pled.

2. And Jesus, moved with pity, touched him and said, "I want to! Be healed!" Immediately the leprosy was gone - the man was healed!

3. Jesus then told him sternly, "Go and be examined immediately by the Jewish priest. Don't stop to speak to anyone along the way. Take along the offering prescribed by Moses for a leper who is healed, so that everyone will have proof that you are well again."

4. But as the man went on his way he began to shout the good news that he was healed; as a result, such crowds soon surrounded Jesus that he couldn't publicly enter a city anywhere, but had to stay out in the barren wastelands.

And people from everywhere came to him there.

It doesn't matter to Jesus whether we have leprosy on our skin or sin in our heart - he wants to reach out and make us whole!
